

NEC - S/4HANA Cloud Hybris Cloud for Service

NEC

Located in Itasca, IL Subsidiary of Japan based, NEC Corporation , NEC Display Solutions is a manufacturer of computer monitors and large-screen public-information displays. NEC display products are sold to the consumer, business, professional (e.g. financial, graphic design, CAD/CAM), digital signage and medical markets.

Scope

- Record to Report (FICO)
- Order to Cash (SD, LE)
- Procure to Pay (MM)
- Service and Warranty Management
- Tax Integration w/ Vertex,
- EDI trading partner integration (messages 850, 855, 856, 810, 940 & 945),
- Credit Card processing via Paymetric (digital payment add-on),
- Ship Rating integration via Process Weaver

Outcome

With the implementation of S/4, NEC was able to decommission their ECC system, which was not able to support the growing business and the associated complexities. Using S/4 NEC not only adopted best practices but they also removed process and system customization thus streamlining their business execution.

Why Choose Us?

Echelon is one of the three original SAP HEC Global Partners and continues to be one of less than ten global HEC-AMS partners. Our leadership has been working with the HEC organization since its inception and has jointly worked in a multitude of global SAP deployments. Echelon's cloud-first approach and extensive experience with S/4HANA allows our customers to benefit from our lean and repeatable implementation approach.

Echelon was first to the market in SAP S/4HANA with successful implementations in Heavy Equipment Manufacturing, OEM, and Wholesale Distribution. We provide:

- Greenfield implementations
- Technical upgrades (migration or Brownfield implementation) from Legacy SAP environments to S/4HANA Cloud environment
- Two-tier ERP strategies

Contact us to start your digital transformation journey. Our experts can help develop the business case and a roadmap to start your cloud journey.
