

# REV GROUP - End to end SAP S/4 HANA private cloud implementation in five months

it is the largest and leading manufacturer of emergency vehicles, small buses, recreational vehicles, terminal trucks, and street sweepers in North America. It has 16 world-class manufacturing facilities, 6000+ associates with 26 different brands and manufactures over 20,000 specialty vehicles and maintains over 300,000 vehicles

## Scope

With over 4 million square feet in manufacturing space, the manufacturing company required streamlined processes across all its locations to achieve operational excellence, maximum efficiency, and unparalleled problem, change, and technical incident management. REV group wanted to capitalize on the robust business processes of S/4 and engaged Echelon to migrate their business over to S/4 (private cloud). Echelon completed the project successfully under aggressive timelines of 5 months. The detailed scope included:

- Order to Cash, Vehicle Management Service, Variant Configuration, Procure to Pay,
- Record to Report, Schedule to Produce, Warehouse Management, Warranty and Quality Management
- Fiori Apps to enhance the user experience

## Outcome

SAP S/4 HANA allows the company to make real-time changes regarding customer orders, procurement, logistics, and inventory and supply chain management to increase accuracy in all deliveries for improved efficiency with partners and suppliers

## Why Choose Us?

Echelon is one of the three original SAP HEC Global Partners and continues to be one of less than ten global HEC-AMS partners. Our leadership has been working with the HEC organization since its inception and has jointly worked in a multitude of global SAP deployments. Echelon's cloud-first approach and extensive experience with S/4HANA allows our customers to benefit from our lean and repeatable implementation approach.

Echelon was first to the market in SAP S/4HANA with successful implementations in Heavy Equipment Manufacturing, OEM, and Wholesale Distribution. We provide:

- Greenfield implementations
- Technical upgrades (migration or Brownfield implementation) from Legacy SAP environments to S/4HANA Cloud environment
- Two-tier ERP strategies

Contact us to start your digital transformation journey. Our experts can help develop the business case and a roadmap to start your cloud journey.
