

# Mitsubishi Electric Automation (MEAU) - Pre-Implementation Analysis

MEAU is an Electric and Electronic Product manufacturer, currently running on ECC. 6.0. MEAU engaged Echelon to understand how their business processes fit to standard SAP in preparation for a greenfield S/4HANA Implementation. Echelon conducted interviews and workshops with the business to understand their foundation as well as factors which could add complexity to a project and future SAP S/4 System.

## Scope

- Finance and Cost (FICO)
- Order To Cash (OTC)
- Materials Management (MM)
- Production Planning and Detailed Scheduling (PPDS)
- Reporting and Analytics
- Master Data Governance (MDG)

## Outcome

Echelon recommended that MEAU do process harmonization during an implementation instead of before hand to avoid duplicated efforts. Echelon created multiple implementation options for MEAU to consider in order to save money on paying for SAP maintenance and to quickly gain the benefits of SAP S/4HANA.

## Why Choose Us?

Echelon is one of the three original SAP HEC Global Partners and continues to be one of less than ten global HEC-AMS partners. Our leadership has been working with the HEC organization since its inception and has jointly worked in a multitude of global SAP deployments. Echelon's cloud-first approach and extensive experience with S/4HANA allows our customers to benefit from our lean and repeatable implementation approach.

Echelon was first to the market in SAP S/4HANA with successful implementations in Heavy Equipment Manufacturing, OEM, and Wholesale Distribution. We provide:

- Greenfield implementations
- Technical upgrades (migration or Brownfield implementation) from Legacy SAP environments to S/4HANA Cloud environment
- Two-tier ERP strategies

Contact us to start your digital transformation journey. Our experts can help develop the business case and a roadmap to start your cloud journey.
